STAT [redacted]

STAT On Tuesday, 14 October, I visited with [redacted] in DDS&T. We discussed the activities and plans. I agreed that Ray should stay on in DDS&T until January. (Ray has a couple weeks of leave to use during the coming holiday. There remain several items to complete in DDS&T).

I also met that day with Ray and [redacted] of DDI. STAT

STAT Bill has been asking for help all summer. I have had Ray stop in to see Bill and answer questions from time to time. As Bill learns more he wants to do more and the DDI Administration Officer, [redacted] is pushing too.

I told them Ray could help part-time in DDI until the first of the year at which time we would reverse the role and have him work in DDI and help part-time in DDS&T. Ray asked that the Agreement be formalized and this is the paper Bill drafted.
